START HERE

A month of mat Pilates that introduces the classic exercises one layer at a time: breathing and pelvic control first, then the abdominal series, the side-lying leg series, and the back extension work. Sessions run 15 to 30 minutes and reward precision over speed.

WHO THIS IS FOR

Adults new to Pilates who want the mat repertoire explained in a printed order, and anyone looking for low-impact core and posture work at home.

EQUIPMENT

A mat or a padded surface. Optional: a small cushion under the head, a folded towel for support, and a wall for standing work.

INTENSITY GUIDE

- RPE 1-2

Rest or very easy movement
- RPE 3-4

Moderate, working but controlled
- RPE 6

HOW TO USE THE CALENDAR

- Follow the days in order.
- Move slowly, exhale on the effort, and stop a set when the lower back lifts or the neck strains rather than pushing to the last repetition.
- Quality of a single repetition beats quantity for the whole month.

Warm-up, modifications & progressions

WARM-UP BEFORE EVERY TRAINING DAY

Minute 1	Lying breathing with hands on the ribs	1 minute	Raise body temperature without rushing
Minute 2	Pelvic tilts	1 minute	Free the shoulders and upper back
Minute 3	Knee folds, one leg at a time	1 minute	Prepare hips and comfortable depth
Minute 4	Shoulder slides and arm circles on the floor	1 minute	Mobilise ankles and lower legs
Minute 5	Cat-cow on hands and knees	1 minute	Finish warmer while breathing steadily

BEGINNER MODIFICATIONS

- Keep the feet on the floor for the hundred and all abdominal work.
- Support the head with a cushion or one hand during chest lifts.
- Use a towel behind the thighs for roll-ups for the whole month.
- Bend the knees in the side-lying series and keep side plank on the knees.
- Halve the repetitions and keep the exercise order intact.

OPTIONAL PROGRESSIONS

- Move from feet down to tabletop legs one exercise at a time.
- Add repetitions only when the lower back stays in contact with the mat.
- Remove the towel assist from roll-ups gradually, one repetition per session.
- Extend holds by 5 seconds per week rather than changing the exercise.
- Progress only after every repetition stays steady and pain-free.

PRACTICAL MOVEMENT SUBSTITUTIONS

Tabletop legs	Keep one or both feet on the floor
Roll-up	Use a towel assist or choose chest lifts
Side plank	Keep the lower knee down
